

The HAKHA Movement

In the Name of Ahura Mazda

Greetings to all freedom loving people, especially the people of Ancient Land of Iran

Greetings to all the workers of the world, especially those from the Sacred and Ancient Land of Iran for the occasion of International Workers Day.

Every structure, building, piece of clothing, all consumer and edible goods, are the evidence of your efforts and endurance. It is you, who make life and habitat on Earth possible. Your services should be recognized and be compensated as much as possible.

Unfortunately in Mullahs regime, your talents not only have not been recognized by your employers, but quite the opposite, they have violated your rights as much as they could and have violently opposed your legitimate demands.

Today, Iranians who more than ever before are aware and vigilant, have to realize the true value of the workers efforts and protect their rights, so that the possibility of a cohesive relationship between employees and employers, peace and tranquility between people and security in the country can exist.

It has now been over 26 years that our beloved country has been violated by tyrants known as Mullahs and Mullahism Followers and with lies, hypocrisy, murder, continuous executions and plundering our country's wealth and national resources, have been able to continue their tyrannical rule. The good news now is that these beggarly liars are being confronted by the people. The oppressive and tyrant Mullahs and their followers have broken all their bridges with people, and now for their survival are forced to intensify their actions. They are now like an injured snake that will be eliminated with the uprising of all Iranians, and Iran once again will be cleansed from their existence.

These ruling tyrants because of their ignorance and stupidity have gone so far, so that not only are loathed by People of Iran, but are also hated by rest of the world. Our country is now surrounded and threatened by foreign forces, therefore the time has come that you, the workers, together with the rest of your compatriots rise up and save Iran and Iranians, before any foreign attacks take place, and put the mind of your compatriots and rest of the world at ease.

Uprising – Freedom – Referendum

The HAKHA Movement

To achieve this, the defenders of the people and country have established Central Committee for the uprising, and at present time, the columns of this Committee have been set up at the heart of Armed Forces, Revolutionary Guards, Law Enforcement Forces and other Agencies of tyrant Mullahs and they are ready to perform their duties on the day of uprising.

The time of this national uprising is 10:00 AM on June 16th 2005. All workers and others have been invited to rise up on that day and cause the downfall of the tyrannical regime, and once again gain the control of their country and prove to the world that Iran is the base for civilized, intelligent and good-natured people and not that of fear and terror.

We wish ever increasing good health and success for you all.
