

The HAKHA Movement

In the Name of Ahura Mazda

Greetings to all freedom loving people, especially the people of Ancient Land of Iran

The oppressive and blood-thirsty Mullahs for many years have been able with hypocrisy and lies abuse the fruits of People of Iran's hard work, but fortunately they have now shown their true face and have separated ranks with the people. These oppressive Mullahs not only have shown their foolishness to People of Iran, but they have shown it to other nations too, and in their foolishness have committed actions that have caused the hatred of Iranian nation and enmity of rest of the world.

The tyrant Mullahs are well aware that they have burned down all their bridges and their destruction is imminent. The tyrant Mullahs and their supporters knowing these facts are prepared to exert to any crime in order to extend their grip on power for even an hour and that is why they are trying to get their hands on nuclear weapons, so they can commit more mass murders and executions.

The tyrant Mullahs and their supporters do not stop at anything to guarantee their own survival, and for this reason, using the national wealth, they con other foolish people like themselves. They have succeeded to some extent and have put the world under serious threat.

Now People of Iran have united with their uprising at 10:00 AM on June 16th 2005, before our country is attacked by foreign forces, clean our country from the contaminating existence of these tyrant Mullahs, and bring freedom to themselves, and ease of mind to the world.

With the announcement of the day of uprising, the tyrant Mullahs and their supporters are in such panic and fear that they have hired traitors around the world to prevent People of Iran gaining freedom. These hired traitors are now using the public media to fulfill their duties, unaware that the Central Committee and the columns of this movement have been established in Iran and around the world. The goal of this popular movement is to save Iran and Iranians and cease the worries of rest of the world. The existence of this movement that is born out of the determination of Iranians and rest of the world will be like a hurricane impossible to stop.

The ruling tyrant Mullahs, with their plots have conned individuals to promote to People of Iran to stay home on Election Day, so that these tyrants would be able to freely do their deeds. The ruling tyrants are planning to bring their own hired people to the ballot boxes and show the rest of the world that People of Iran want the Mullahs regime. However, these tyrants and their hired hands are unaware that People of Iran with their uprising will destroy all of them. June 16th has been selected as the day of the uprising because the representatives of international media will be present in Iran and can report on this national uprising. The other reason is that on this day,

Uprising – Freedom – Referendum

The HAKHA Movement

representatives from all European nations will be in Iran and can witness the fall of Mullahs Republic.

People of Iran need to realize that the recent uprisings and demonstrations of the heroic People of Iran in cities and provinces and their gatherings around the country are all to prepare people for the day of uprising. All the hired hands, traitors and murderers need to know that any resistance by tyrant Mullahs will have a positive impact for People of Iran.

In order to establish the Coordination Council and after that the Leadership Council to act as the interim government, the Central Committee of this movement has invited all groups and individuals inside and outside Iran to introduce their candidates for membership in the council by May 7th, so that by choosing the Leadership Council, immediate actions for the downfall of the ruling tyrant Mullahs in Iran can be taken. Now that we have passed this date, we will soon contact the candidates and will ask them to select individuals amongst themselves for membership in Coordination Council and Leadership Council.

In realization that scientists are always the torch bearers of freedom movements and they carry an important burden in this regard, all our scientist, educator and politician compatriots are invited with providing their support to participate in the success of this popular movement.

We wish ever increasing good health and success for you all.
