

The HAKHA Movement

In the Name of Ahura Mazda

For the Occasion of Sizdah Bedar (Persian Event) on April 2nd

Greetings to my dear compatriots,

It has been 26 years that our country Iran has been in captivity of Islamic Republic. We all know that during these years, the tyrant Mullahs have tried to eliminate our national traditions and costumes, because they know that us Iranians with the help of our national values can rescue Iran from the hands of ruling Mullahs.

My compatriots, Sizdah Bedar is approaching. On this day, ancient Iranians would take to outdoors and dance and feast, so that happiness would keep away misery and bad luck from them and their start of the New Year would be a happy one. Dear compatriots, we too, with celebrating this national event to its fullest extent can distance misery from our country and prepare ourselves for “Resurrection Day”, the day Iran will be free.

Therefore I am asking all Iranians that once again with big celebrations prove to other countries that you demand downfall of Islamic Republic and establishment of a popular Government and a free society. You have to know that “Resurrection Day” is near and I promise you all that in days after this major event, I will announce its date.
